Food	Toilet paper, feminine supplies, personal hygiene items, bleach, etc.
Pack non-perishable, high-protein items, including energy bars, ready-to-eat soup, peanut butter, etc. Select foods that require no refrigeration, preparation or cooking and little or no water.	Have cash. (ATMs and credit cards won't work if the power is out.)
Flashlight (include extra batteries)	Contact information
First Aid Kit (see checklist below)	Carry a current list of family phone numbers and
Medications (see checklist below) Prescription and non-prescription items	e-mail addresses, including someone out of the area who may be easier to reach if local phone lines are out of service or overloaded.
Battery-operated radio (include extra batteries)	Pet supplies
Tools	Include food, water, leash, litter box, tags, any medications and vaccination information.
A wrench to turn off gas if necessary, a manual can opener, screwdriver, hammer, pliers, knife, tarp and garbage bags with ties. Contact professionals to turn gas back on.	Map Mark an evacuation route on it from your local area.
A change of clothes for everyone, including sturdy shoes and gloves.	Special items Include any necessary items for infants, seniors and people with disabilities in your kit. Having some items with you will help you be more comfortable until help
Personal items	arrives.
